Share the delight of making music in these joy-filled, research-based classes! Infants, toddlers and preschoolers participate at their own developmental level, sharing songs, instrument play, rhythmic rhymes and movement activities in a relaxed, playful, non-performance-oriented setting. Classes are mixed-age so siblings can participate together. Music Together classes are based on the recognition that all children are musical. They can learn to sing in tune, keep a beat and participate with confidence, provided that their early environment supports such learning. This curriculum supports children's overall development—their cognitive, social, physical, verbal and music development. Receive an illustrated songbook filled with music-making ideas and two new CD's - one for home and one for on-the-go. Music Together is directed by Clarice Auluck-Wilson, Ph.D.
