Preliminary subdivision	\$207.00 per acre
Preliminary planned development ²	\$2,074.00 minimum for single family
Waiver of subdivision (initial deposit) ¹	\$4,147.00 minimum for commercial/industrial and \$6,678.00 maximum
Final planned development ³	\$2,765.00 for initial deposit
Final subdivision application ¹	\$2,765.00 for 1 to 3 lots - initial deposit \$5,527.00 for 4 or more lots - initial deposit
Conditional Use Permit ³	\$1,037.00
Rezoning (when site plan is involved) ³	\$1,037.00
Interim Use Permit (when site plan is involved) ³	\$692.00
Final plat	\$692.00
Minor/corrective subdivision	\$692.00
Site plan review/building permit authorization	\$1,037.00
Variance	\$692.00
Sketch plan	\$692.00

NOTES:

¹ These are escrow deposits with minimums/maximums; they are not intended to be actual charges.

² This planned development escrow is not required if it is processed as part of a subdivision application for which and escrow is being collected.

³ These escrows are not required if a subdivision escrow has been collected as part of the same application.

Description	Current Fees	Required by Section
-------------	--------------	---------------------

Final Plat	\$207.00	35.29
Additional fee for each lot over 10	\$3.00	

Minor or Corrective Subdivision	\$231.00	153.34
---------------------------------	----------	--------

Natural Resources Management Permit:		152.15
--------------------------------------	--	--------

Single family	\$172.00
Duplex, townhouse, condo (up to 16 units)	\$144.00 first unit + \$29.00 each additional unit
Condo, apartments (16 units and greater)	\$573.00 first 16 units + \$11.00 each additional unit
Commercial, institutional, industrial	\$482.00 first 10,000 SF of building + \$69.00 each additional 10,000 SF or fraction thereof

Natural Resources Management Permit - Excavation:		152.15
---	--	--------

Number of Cubic Yards	Fee
0-100	\$70.00
101 to 1,000	\$71.00 first 100 CY + \$30.00 each additional 100 CY or fraction thereof
1,001 to 10,000	\$333.00 first 1,000 CY + \$53.00 per each additional 1,000 CY or fraction thereof
10,001 or more	\$811.00 first 10,000 CY + \$53.00 per each additional 10,000 CY or fraction thereof

Natural Resources Management Permit - Security Escrow:	
--	--

Project Type	Fee
All projects except those identified below	\$2,000.00 or the amount equal to 125% of the estimated cost to accomplish compliance with the approved natural resources management plan, whichever is greater
Projects that disturb an area of less than one acre in size on an individual lot or parcel on which a one-family or two-family dwelling exists and will remain to exist under the permit	\$250.00 plus an additional \$1,000.00 if an "as built" grading plan is required

Description	Current Fees	Required by Section
-------------	--------------	---------------------

Park Dedication:

153.29

Proportional Park Dedication Calculations:

Park dedication requirements shall be based upon the parkland demand created by the use contained within each subdivision as it relates to the generation of person-residents. The amount of parkland required for each person-resident is based on the need for parkland to achieve the park services standard which the City has set through its historic parkland development. The City standard is 0.00955 acre of parkland area needed for each person-resident.

Where cash-in-lieu of land is taken, the value of the land shall be based on the benchmark values of raw land that are set by the City Council based on periodic review of market conditions. Present benchmark values are:

Single family	\$75,000.00 per acre
Multi-family	\$175,000.00 per acre
Commercial	\$265,000.00 per acre
Industrial	\$128,000.00 per acre

Residential Subdivision Formula:

Single Family = 2.7 persons/unit

Townhouse = 2.7 persons/unit

Apartment = 1.9 persons/unit

(number of units) x (persons per unit) x (0.00955 acre) = total land area of dedication

Example:

Single family at 3 units/acre: $3 \times 2.7 \times 0.00955 = 0.0774$ acre x \$75,000 = \$5,805.00 per acre

or

Each single family unit = 2.7 persons x 0.00955 acre = 0.0258 x \$75,000 = \$1,935.00 per unit

Example:

Townhouse at 6 units/acre: $6 \times 2.7 \times 0.00955 = 0.1547$ x \$175,000 = \$27,072.50 per acre

or

Each townhouse unit = 2.7 persons x 0.00955 = 0.025783 x \$175,000 = \$4,512.08 per unit

Example:

Apartment at 18 units/acre: $18 \times 1.9 \times 0.00955 = 0.32661$ x \$175,000 = \$57,156.75 per acre

or

Each apartment unit = 1.9 persons x 0.00955 = 0.018145 x \$175,000 = \$3,175.37 per unit

Description	Current Fees	Required by Section
-------------	--------------	---------------------

Commercial Subdivision Formula:

<p>Retail/Service = 2 employees per 1,000 square feet of building area Office = 3 employees per 1,000 square feet of building area Institutional = 1 employee per 1,000 square feet of building area Industrial = 1 employee per 1,000 square feet of building area</p> <p><u>Commercial/Office/Institutional</u>: 1 employee = 0.25 person-resident</p> <p>The fractional person-resident is based upon the more limited park services demanded by an employee (employee ball teams; picnic grounds; civic celebrations; etc.) plus certain park services related to the customer/client that patronizes the business on a per employee basis. The park dedication clause in the subdivision agreement should make it clear that the actual amount of park dedication to be charged will be based on the size of the building(s) to be erected. If land is taken rather than cash, the calculation would presume a single story building on each lot with the maximum % building coverage of the applicable zoning district in which the subdivision is located.</p> <p><i>Example:</i> (retail/service building square footage/1000) x number of employees per 1,000 sq. ft. = number of employees x 0.25 = number of person-equivalents x 0.00955 acres = acreage to be dedicated x \$265,000 = cash dedication. or 1000/1000 x 2 = 2 x 0.25 = 0.5 x 0.0095 = 0.0048 x \$265,000 = \$1,272.00 per 1,000 sq. ft. of building area.</p> <p><i>Example:</i> (office building square footage/1000) x number of employees per 1,000 sq. ft. = number of employees x 0.25 = number of person-equivalents x 0.00955 acres = acreage to be dedicated x \$265,000 = cash dedication. or 1000/1000 x 3 = 3 x 0.25 = 0.75 x 0.0095 = 0.0071 x \$265,000 = \$1,881.50 per 1,000 sq. ft. of building area.</p> <p><i>Example:</i> (institutional building square footage/1000) x number of employees per 1,000 sq. ft. = number of employees x 0.25 = number of person-equivalents x 0.00955 acres = acreage to be dedicated x \$265,000 = cash dedication. or 1000/1000 x 1 = 1 x 0.25 = 0.25 x 0.0095 = 0.0024 x \$265,000 = \$636.00 per 1,000 sq. ft. of building area.</p>

Description	Current Fees	Required by Section
-------------	--------------	---------------------

Industrial: 1 employee = 0.1 person-resident

The fractional person-resident is based upon the even more limited park services demanded by an industrial employee (employee ball teams; picnic grounds; civic celebrations; etc.) The park dedication clause in the subdivision agreement should make it clear that the actual amount of park dedication to be charged will be based on the size of the building(s) to be erected. If land is taken rather than cash, the calculation would presume a single story building on each lot with the maximum % building coverage of the applicable zoning district in which the subdivision is located.

Example:

$(\text{industrial building square footage}/1000) \times \text{number of employees per 1,000 sq. ft.} = \text{number of employees} \times 0.1 = \text{number of person-equivalents} \times 0.00955 \text{ acres} = \text{acreage to be dedicated} \times \$128,000 = \text{cash dedication.}$

or

$1000/1000 \times 1 = 1 \times 0.1 = 0.1 \times 0.0095 = 0.001 \times \$128,000 = \$128.00 \text{ per 1,000 sq. ft. of building area.}$

Preliminary Plat	\$660.00	
Private Activity Revenue Bond Financing Issuance Fee	\$25,000.00	
Storm Water Ponding Dedication: Minimum 5% of platted area less major rights of way (50 foot half right of way or greater)		153.29

UTILITY FEES

153.62(A)

Sanitary Sewer Connection Fees:

Service	Unit	Fee	Remarks
Trunk charge	per SAC unit	\$303.00	
Lateral benefit from trunk	per front foot	\$30.00	Development cost
Lateral cost	project cost	project cost	Development cost
Metro availability cost	per SAC/SEF unit	Determined by MCES	
City availability cost	per SAC/SEF unit	\$343.00	development cost

Storm Sewer Connection Fees:

Service	Unit	Fee	Remarks
Trunk charge:			
Single family detached trunk	per acre ⁴	\$5,942.00	Development cost
Multiple residential trunk	per acre ⁴	\$7,423.00	Development cost
Commercial/industrial trunk	per acre ⁴	\$8,917.00	Development cost
Lateral charge	project cost	project cost	Development cost

Water Utility Connection Fees:

Service	Unit	Fee	Remarks
Trunk charge	per acre ⁴	\$2,653.00	Development cost
Lateral benefit from trunk	per front foot	\$30.00	Development cost
Lateral charge	project cost	project cost	Development cost
Supply and storage	per SAC/SEF unit	\$933.00	w/ bldg permit

Miscellaneous Charges:

Account maintenance fee for change within 30 days of previous change	\$30.00	
After hours call-out non-emergency	\$85.00 per hour	51.39
Clear water discharge surcharges:		51.08
Correction not made - single family	\$100.00	
Correction not made - non-single family	\$300.00	
Inspection not completed - single family	\$100.00	
Inspection not completed - non-single family	\$300.00	
Prohibited reconnection made - single family	\$300.00	
Prohibited reconnection made - non-single family	\$500.00	

Description	Current Fees	Required by Section
Manual meter reading fee	\$75.00	
Meter data transmitter fee - initial non-compliance	\$100.00	
Meter data transmitter installation fee - external	\$100.00	
Meter data transmitter reconnection fee - irrigation (plus materials)	\$50.00	
Meter pricing - cost plus	20%	51.35
Penalty charges for delinquent utility accounts over \$5.00:		
Monthly bills (minimum \$3.00)	1.5% acct. bal.	
Quarterly bills (minimum \$3.00)	4.5% acct. bal.	
Service re-connection:		51.39
Deposit for council hearing	\$53.50	
Service restoration fee (effective June 1)	\$53.50	
Testing of meter:		51.37
City test, sizes 5/8", 3/4" and 1", cost plus	20%	
City test, sizes 1-1/2" and 2", cost plus	20%	
Independent testing , cost plus	20%	
Sewer Utility User Fees ^{7, 8} :		51.36
Monthly base charge:		
All users, except mobile homes and apartments	\$8.37 unit	
Mobile homes and apartments	\$7.54 unit	
Monthly consumption charges (per 1,000 gallons/unit) ⁵ :		
First 5,000	\$2.69	
6,000 - 10,000	\$2.72	
11,000 - 15,000	\$3.00	
16,000 - 35,000	\$3.82	
Over 35,000	\$4.36	
Quarterly base charge:		
Single family, duplex, and townhomes with individual services or less than 9 units per building	\$25.11 unit	
Quarterly consumption charges (per 1,000 gallons/unit):		
First 15,000	\$2.69	
16,000 - 30,000	\$2.72	
31,000 - 45,000	\$3.00	
46,000 - 105,000	\$3.82	
Over 105,000	\$4.36	
Storm Water Drainage User Fee ⁸ :		
Monthly residential equivalent fee	\$5.93	
Quarterly residential equivalent fee	\$17.79	

Description	Current Fees	Required by Section

Street Light Utility User Fee⁸:

Monthly charges:

Apartments/condominiums	\$1.36 res. unit	
Commercial in ring route	\$8.90 acre	
Commercial/industrial outside of ring route	\$4.73 acre	
Mobile homes	\$1.36 res. unit	
Townhouse without individual services and 9 or more units per building	\$1.36 res. unit	

Quarterly charges:

Single family, duplex, and townhouse with individual services or less than 9 units per building	\$5.38 res. unit	
---	------------------	--

Water Utility User Fee⁸:

51.36

Monthly base charge⁶:

All users, except mobile homes and apartments	\$6.41 unit	
Mobile homes and apartments	\$5.76 unit	

Monthly consumption charges (per 1,000 gallons/unit):

First 5,000	\$1.34	
6,000 - 10,000	\$1.38	
11,000 - 15,000	\$1.69	
16,000 - 35,000	\$2.12	
Over 35,000	\$2.52	

Quarterly base charge⁶:

Single family, duplex, and townhomes with individual services or less than 9 units per building	\$19.23 unit	
---	--------------	--

Quarterly consumption charges (per 1,000 gallons/unit):

First 15,000	\$1.34	
16,000 - 30,000	\$1.38	
31,000 - 45,000	\$1.69	
46,000 - 105,000	\$2.12	
Over 105,000	\$2.52	

Description	Current Fees	Required by Section
-------------	--------------	---------------------

NOTES:

- ⁴ Acreage will be calculated based on platted area less major rights of way (50 foot half right of way or greater.)
- ⁵ Sewer Flow Basis - sewer consumption charges are based on the average 3 metered monthly winter water consumptions or the winter quarter water consumptions, except commercial and institutional are based on water consumption each month. If the residence was not occupied by the current customer during the 3 winter months, the sewer charge will be based on the actual water quantity used up to 6,000 gallons each month until a standard 3 winter months or winter quarter is established.
- ⁶ Sewer Prorating Policy - new accounts of less than a full month/quarter due to ownership or occupancy changes shall be prorated based on the charge for the most recent winter water consumption (for accounts being closed) or the charge for actual water quantity used up to 6,000 gallons each month (for new accounts) times the number of days of occupancy in the month and dividing the result by 30.
- ⁷ Water Prorating Policy - new accounts of less than a full month/quarter due to ownership or occupancy changes shall have base water charges prorated with consumption charges based on actual quantity used.
- ⁸ Rates are effective for all bills mailed after January 15, 2018.
