### OTHER planning ideas:

- Keep it simple, be an easy act to follow, yet make the event worth people's time. Be organized
- Name tags are very helpful, especially for the "visitors".
- At the event, have a time when you welcome the neighbors, thank them, make any announcements and have each resident introduce themselves. Plus, introduce guests of the evening.
- Don't do all the work yourself – form **Night to Unite** committee.
